in/mohamed-khalil-zrelly/ Le Bourget, Île-de-France, France

EXPERIENCE

Natural Language Processing Intern

VERMEC 02/2024 - 06/2024 (5 mos) Lac 2, Tunisia

- Automated email classification utilizing Large Language Models (LLMs).
- Automated information extraction from emails using OCR and NLP.
- Created a website for system configuration, training, and visualization.

Machine Learning Intern

Sofiatech 06/2023 - 08/2023 (3 mos) Ariana, Tunisia

- Explored Machine Learning fundamentals and associated mathematics.
- Acquired practical skills in model training, evaluation and deployment.
- Created a Python-based game incorporating Reinforcement Learning.

EDUCATION

Engineering Degree in Computer Science

Sorbonne Paris Nord University, Sup Galilée
09/2024 - Present (6 mos) Villetaneuse, France

Bachelor's Degree in Computer Science

University of Tunis El Manar, ISI Ariana GPA 3.6 / 4.0
09/2021 - 06/2024 (3 yrs) Ariana, Tunisia

CERTIFICATIONS

Microsoft Certified : Azure AI Fundamentals (AI-900)

Microsoft Certified : Azure Data Fundamentals (DP-900)

Natural Language Processing with Python - Udemy

Spark and Python for Big Data with PySpark - Udemy

PROJECTS

VERMail

02/2024 - 06/2024 (5 mos) VERMEC, Tunisia

Created an AI-driven system for automated email classification and information extraction, accessible through a user-friendly web application for system configuration, model training, and data visualization on dashboards.

Snakey

06/2023 - 08/2023 (3 mos) Sofiatech, Tunisia

Created a Python-based Snake game using Reinforcement Learning to enable the snake to learn optimal strategies for survival and food collection.

Swiftn

02/2023 - 04/2023 (3 mos) ISI Ariana, Tunisia

Designed and developed a dynamic and responsive travel agency website to enhance the overall experience of planning and booking for travel offers.

UNIVY

02/2022 - 04/2022 (3 mos) ISI Ariana, Tunisia

Designed and developed an intuitive desktop application for university management, including features for classes, subjects, teachers and students.

SUMMARY

Passionate about **Machine Learning** and **Natural Language Processing**, with a strong foundation in mathematics and computer science. I am constantly seeking an apprenticeship aligned with my current studies to deepen my expertise and develop more effective digital solutions.

LANGUAGES

Arabic	Native
English	Proficient
French	B2 - TCF

SKILLS

Programming Languages

Python, Java, C, JavaScript, PHP

Machine Learning Frameworks & Libraries

Pytorch, Tensorflow, scikit-learn, OpenCV

Natural Language Processing

RNNs, Transformers, BERT, GPT, spaCy, NLTK

Data Science & Analytics

NumPy, Pandas, Matplotlib, Seaborn, PySpark

Web Frameworks & Libraries

React.js, Redux, Bootstrap, Flask, Express.js

Relational & NoSQL Databases

Oracle, MySQL, PostgreSQL, MongoDB

DevOps & Deployment

Docker, Git, GitHub, GitLab

VOLUNTEERING

Project Manager

Enactus

09/2021 - 08/2024 (3 yrs)

Student-led projects for social entrepreneurship.

Sales Team Member

AIESEC

02/2024 - 07/2024 (6 mos)

Leadership development and global exchange.

AWARDS

- Enactus World Cup Vice-Champions
- Action With Africa Vice-Champions
